Robust & secure solutions

CUSTOMER FOCUS

Delivering lasting value

Vision, Mission & Values

To be a trusted leader in digital infrastructure by delivering innovative, reliable, and sustainable solutions that connect businesses, communities, and the future.

Mission

To design, build, operate, and maintain world-class infrastructure through technology, quality, safety, and customer-focused services while creating long-term value for our stakeholders.

Vision

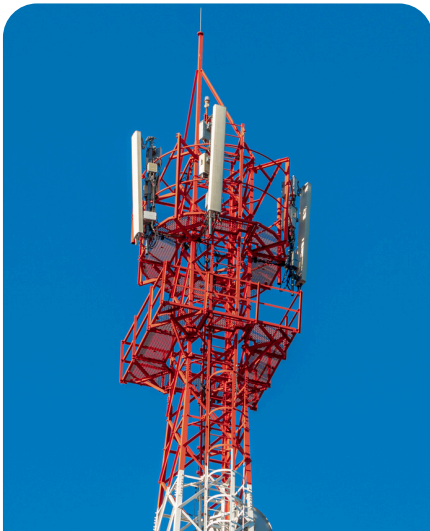

To be a trusted leader in innovative and sustainable infrastructure solutions.

Our Core Values

- ✓ **Integrity**
Building trust through honesty and ethical practices.
- ✓ **Excellence**
Delivering quality in every project.
- ✓ **Innovation**
Adopting advanced technologies for smarter solutions.
- ✓ **Customer Focus**
Creating value through reliable and responsive service.
- ✓ **Safety**
Ensuring safe operations at every stage.
- ✓ **Sustainability**
Building infrastructure with responsibility for the future.
Connecting Infrastructure. Creating Possibilities.

OUR CORE SERVICES

We provide smart digital infrastructure solutions across critical sectors. Connecting people, systems, and communities for a better future.

Empowering Connectivity. Enhancing Lives.

TELECOM INFRASTRUCTURE SOLUTIONS

Tower Infrastructure

Design, erection & maintenance of all types of towers.

BTS & Radio Systems

Installation of BTS, shelters, nodes & radio equipment.

Microwave Backhaul

High-capacity microwave links for reliable backhaul.

Router & Networking

IP/MPLS routers for secure connectivity.

OFC & Fiber Solutions

Fiber backbone for high-speed communication.

Power & Backup Systems

DG, battery banks, UPS and uninterrupted power.

Operation & Maintenance

24x7 support for peak network performance.

OFC & FIBER SOLUTIONS

Empower your business with advanced OFC & Fiber Solutions designed for seamless communication and superior network performance. Our expert team ensures secure, efficient, and high-capacity fiber infrastructure for every project.

Services

- Survey & Planning
- Trenching & Ducting
- Cable Laying
- OFC Cable Deployment
- Splicing & Termination
- Testing & Commissioning (OTDR/OPM)
- Maintenance & Support

Applications

- Telecom Backhaul
- FTTH Networks
- ISP Connectivity
- Enterprise WAN
- Data Centers

TOWER INFRASTRUCTURE SOLUTIONS

Site Acquisition

Survey, leasing, approvals & clearances.

Civil & Construction

Foundation, shelter, trenching, drainage & fencing.

Tower Erection & Installation

GBT, rooftop, monopole, guyed mast & hybrid towers.

MEP & Power Systems

Electrical, DG, battery, solar, earthing & lightning protection.

Fiber Infrastructure

OFC trenching, ducting, splicing, ODF installation.

Maintenance (O&M)

Preventive & breakdown maintenance with 24x7 support.

SUSTAINABLE

RAILWAY NETWORK SOLUTIONS

Telecom & IP/MPLS Network

High-speed backbone for rail operations.

Railway Communication Systems

Voice, data & emergency communications.

OFC Network & Splicing

End-to-end fiber connectivity.

Signaling & SCADA Systems

Secure signaling and power communication.

Station IT & CCTV Solutions

Network, surveillance and passenger information.

Passenger Information Systems

Real-time passenger information.

IoT, Cloud & Managed Services

Smart monitoring and cloud solutions.

Operation & Maintenance

24x7 monitoring & support.

AIRPORT INFRASTRUCTURE SOLUTIONS

Telecom & Communication

Reliable airport communication systems.

Airport Data Center

Secure data center infrastructure.

AOCC & Operations Control

Integrated airport operations management.

CCTV & Security Systems

Advanced surveillance & monitoring.

Passenger Information Systems

Smart passenger communication.

Baggage Handling Systems

Automated baggage tracking.

Power & Utility Infrastructure

Reliable utility and electrical systems.

Smart Airport Solutions & O&M

IoT, analytics and 24x7 support.

BENEFITS

SAFE

SMART

SECURE

CONNECTED

DATA CENTER SOLUTIONS

Empowering businesses with intelligent, high-performance data center infrastructure. Our expert solutions ensure reliability, security, and operational excellence at every stage.

Data Center Design & Planning

Optimized and scalable infrastructure.

Power & Cooling Infrastructure

UPS, DG, precision cooling.

Structured Cabling & Networking

Copper & fiber cabling.

Server & Storage Solutions

High-performance compute and storage.

Monitoring & DCIM

Real-time monitoring and infrastructure management.

Testing, Commissioning & O&M

End-to-end testing and operational support.

ADVANTAGES

SECURE

SCALABLE

RELIABLE

EFFICIENT

FUTURE READY

NETWORK & SECURITY SOLUTIONS

Reliable networking and robust security for modern digital businesses.

We ensure fast connectivity, proactive threat protection, and uninterrupted operations.

Services

- **Routers, Switches & Firewalls**
High-performance network devices.
- **LAN/WAN/MPLS/SD-WAN**
Secure and reliable connectivity.
- **Cybersecurity & SIEM**
Protecting networks and data.
- **Network Monitoring (NOC/SOC)**
24x7 monitoring and operations.
- **Cloud & Data Center Connectivity**
Seamless cloud integration.
- **Backup & Disaster Recovery**
Business continuity assurance.

Features

- Secure
- Monitored 24x7
- Reliable
- Protected

OPERATION & MAINTENANCE (O&M)

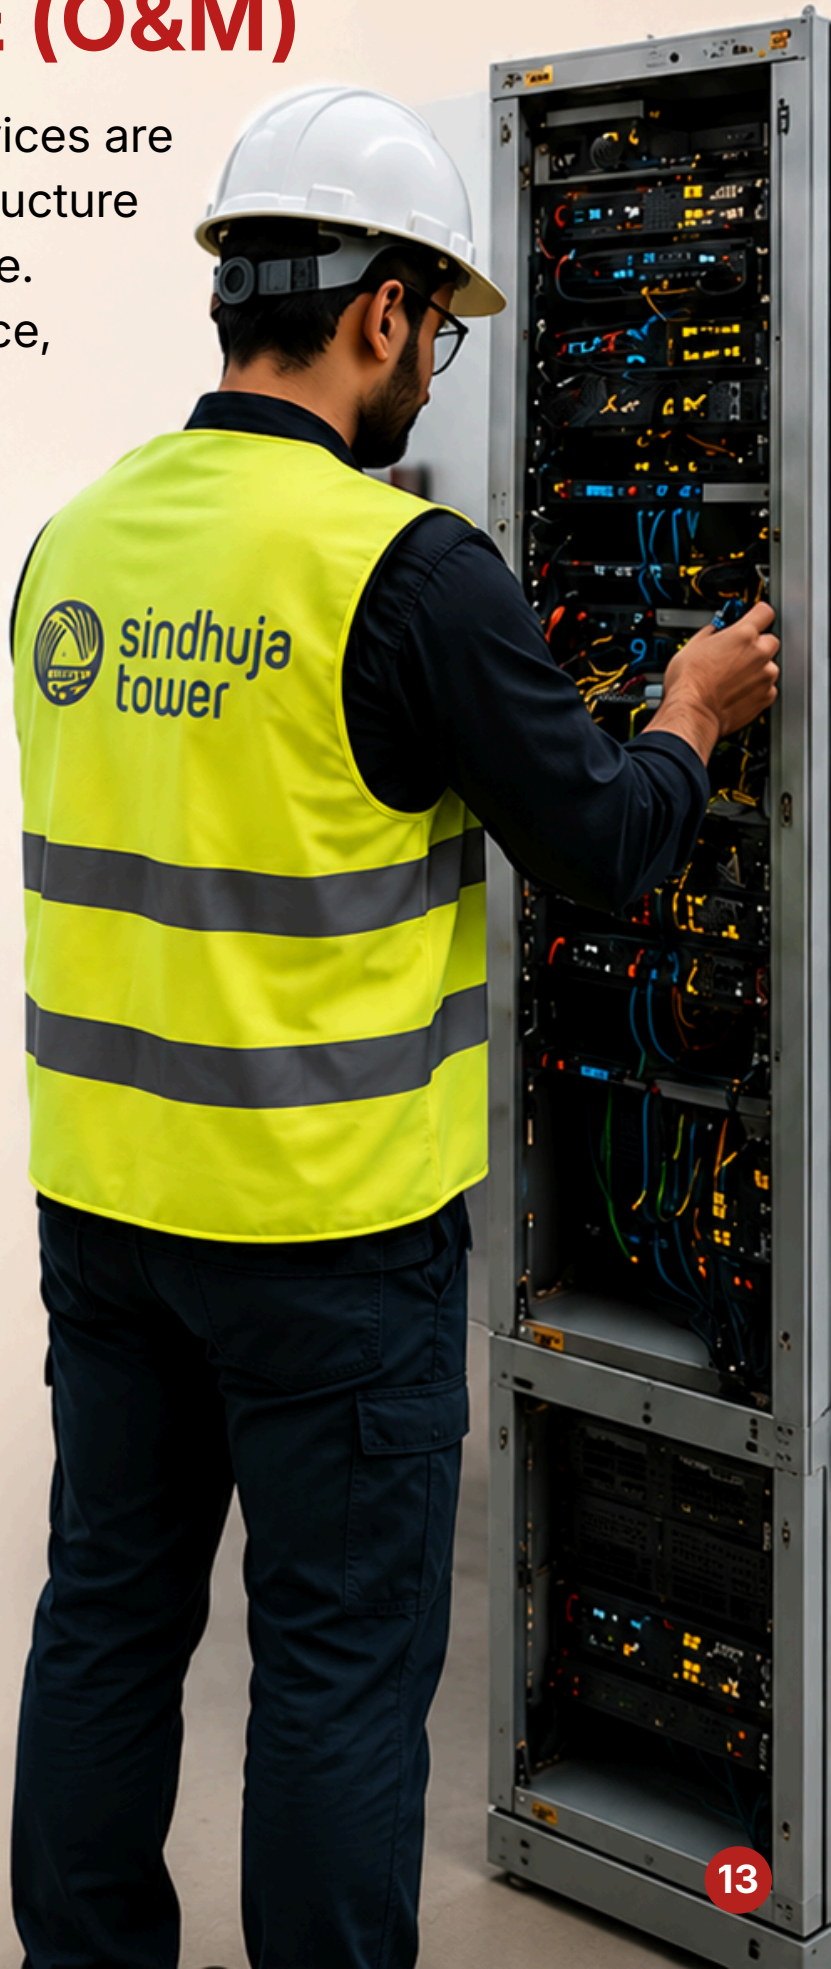

Our comprehensive O&M services are designed to keep your infrastructure operating at peak performance. Through proactive maintenance, timely support, and advanced technical solutions, we help reduce downtime, improve reliability, and extend the life of your assets.

Services

- Preventive Maintenance
- Corrective Maintenance
- Breakdown Support
- Network & Site Monitoring
- Performance Optimization
- AMC & CMC Services
- 24x7 Help Desk Support

OUR COMMITMENT, YOUR ADVANTAGE

KEY STRENGTHS

Our strength lies in combining technical expertise, industry experience, and customer-focused execution to deliver dependable digital infrastructure solutions across multiple sectors. With a skilled workforce and a commitment to continuous innovation, we help organizations build secure, scalable, and future-ready infrastructure.

Core Strengths

- End-to-End Project Execution
- Experienced & Certified Professionals
- Multi-Sector Infrastructure Expertise
- Pan-India Project Delivery
- Advanced Technology Integration
- High Quality & Safety Standards
- 24×7 Operations & Maintenance Support
- Scalable & Future-Ready Solutions
- Strong Customer-Centric Approach
- Proven Track Record of Reliable Delivery

OUR COMMITMENT

At Sindhuja Tower & Infra, we are committed to delivering reliable, innovative, and future-ready digital infrastructure solutions that empower businesses and communities. Every project is executed with precision, transparency, and a strong focus on quality, safety, and customer satisfaction

We believe in building long-term partnerships by consistently delivering projects on time, maintaining the highest industry standards, and providing dependable support throughout the entire lifecycle of every solution.

Our Commitments

- Deliver Quality Without Compromise
- Ensure Safety in Every Project
- Complete Projects On Time
- Provide Reliable 24x7 Support
- Adopt Innovative Technologies
- Maintain Transparency & Integrity
- Focus on Customer Success
- Build Sustainable Infrastructure
